

Certificate of Conformity

Issued to Thales

for test report issued on the 29th of April 2024 for

MOSIP Advanced Compliance Framework (MACP) Biometric Device Requirements for Quality

Certificate No.: 24_BXL033_LOC_00

Device Provider: Thales

Product: DactyScan84c

Modality: Contact based optical fingerprint scanner

SBI Specifications: 1.2.2

Software Version: SDK Version 5.1

Test Standards: MOSIP's Advanced Compliance Program (MACP) to the applicable requirements of the Device Profiles document (draft v1.1).

Thales has successfully completed the biometric certification for the product listed above based on the MACP framework. Evaluation was conducted at the MOSIP accredited lab BixeLab, headquartered in Australia.

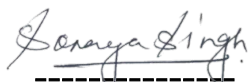

This certificate attests that the product listed above has been evaluated and found compliant with MOSIP biometric device quality criteria. A detailed test and analysis report supports these findings (24_BXL033_TR_01).

Validity Period: 6 months (during which the final certificate will be issued)
